V CRE DITS

Each course shall have certain credits for passing the BHA programme, the student shall be required to achieve a minimum of 120 credits of which 38(14 for common English courses + 8 for common language other than English+ 16 credits for general common courses) credits shall be from common courses, a minimum of 2 credits for project and 3 credits for open courses.62 credits from core courses, 16 credits from complimentary courses So minimum credits required for core, complimentary and open course put together are 82 (Including minimum 2 credits for each Practical, i.e., 2X4=8 credit for all the practical).

In all other matters regarding the BHA programme under Choice Based Credit Semester System which are not specified in this regulation, the common regulation CBCSS 2014 will be applicable

VI ATTENDANCE

A student shall be permitted to appear for the semester examination only if he/she secures not less than 75% attendance for theory classes and 90% of the number of practical classes actually held for each of the course in a semester. If the candidate has shortage of attendance in any course in a semester, he/she shall not be allowed to appear for any examination in that semester. However the University may condone shortage if the candidate applies for it as laid down by the University common regulations for CBCSS 2014 and if the Vice Chancellor is satisfied with the reason cited by the candidate for the absence in classes.

VIII. EVALUATION AND GRADING

1. Mark system is followed instead of direct grading for each question. For each course in the semester letter grade and grade point are introduced in 10-point indirect grading system as per guidelines given in Annexure-1

a. Course Evaluation

The evaluation scheme for each course shall contain two parts:

- 1) Internal assessment and
- 2) External xamination

20% weight shall be given to the internal assessment. The remaining 80% weight shall be for the external evaluation.

1. Internal Assessment

20% of the total marks in each course are for internal examinations. The marks secured for internal assessment only need to be sent to University by the colleges concerned.

The internal assessment shall be based on a predetermined transparent system involving written tests, assignment, seminar and class room participation based on attendance in respect of theory courses and lab involvement/records attendance in respect of Practical Courses.

Internal assessment of the project will be based on its content, method of presentation, final conclusion and orientation to research aptitude.

Components with percentage of marks of Internal Evaluation of Theory Courses are- Test paper 40%, Assignment 20%, Seminar 20% and Class room participation based on attendance 20%.

For practical courses - Record 60% and lab involvement 40% as far as internal is concerned. (If a fraction appears in internal marks, nearest whole number is to be taken)

For the test paper marks, at least one test paper should be conducted. If more test papers are conducted, the mark of the best one shall be taken.

To ensure transparency of the evaluation process, the internal assessment marks awarded to the students in each course in a semester shall be notified on the notice board at least one week before the commencement of external examination. There shall not be any chance for improvement for internal marks. The course teacher(s) shall maintain the academic record of each student registered for the course, which shall be forwarded to the University by the college Principal after obtaining the signature of both course teacher and Head of the Department.

The Split up of marks for Test paper and Class Room Participation (CRP) for internal evaluation are as follows.

Split up of marks for Test paper:

Range of Marks in test paper	Out of 8 (Maximum internal marks is 20)
Less than 35%	1
35% - 45%	2
45% - 55%	3
55% - 65%	4
65% -85%	6
85% -100%	8

Split up of marks for Class Room Participation:

Range of CRP	Out of 4 (Maximum internal marks is 20)
50% ≤CRP 75%	1
75% ≤CRP 85%	2
85 % and above	4

IX External Evaluation

External evaluation carries 80% of marks. All question papers shall be set by the University. The external question papers may be of uniform pattern with 80 marks (The pattern is given in the Annexure III). The open courses with 2/3 credits will have an external examination of 2 hours duration with 40 marks and courses with 4/5 credits will have an external examination of 2.5 hours duration with 80 marks.

The external examination in theory courses is to be conducted by the University with question papers set by external experts. The evaluation of the answer scripts shall be done by examiners based on a well-defined scheme of valuation and answer keys shall be provided by the University. The external examination in practical courses shall be conducted by two examiners — one internal and an external, the latter appointed by the University. The project evaluation with viva shall be conducted by one external examiner appointed by the University and one internal examiner from the concerned institution. (Guidelines are given in the Annexure II).

After the external evaluation only marks are to be entered in the answer scripts. All other calculations including grading are done by the University.

Revaluation: In the new system of grading, revaluation is permissible. The prevailing rules of revaluation are applicable to CBCSSUG 2019.

Students can apply for photocopies of answer scripts of external examinations. Applications for photocopies/scrutiny/revaluation should be submitted within 10 days of publication of results. The fee for this shall be as decided by the University.

X. INDIRECT GRADING SYSTEM

- **1.** Indirect grading System based on a 10- point scale is used to evaluate the performance of students.
- **2** Each course is evaluated by assigning marks with a letter grade (O, A+, A, B+, B, C, P, F, I or Ab) to that course by the method of indirect grading (Annexure I).
- **3** An aggregate of P grade (after external and internal put together) is required in each course for a pass and also for awarding a degree (A minimum of 20% marks in external evaluation is needed for a pass in a course. But no separate pass minimum is needed for internal evaluation). No separate grade/mark for internal and external will be displayed in the grade card; only an aggregate grade will be displayed. Also the aggregate mark of internal and external is not displayed in the grade card.
- **4.** A student who fails to secure a minimum grade for a pass in a course is permitted to write the examination along with the next batch.
- **5.** After the successful completion of a semester, Semester Grade Point Average (SGPA) of a student in that semester is calculated using the formula given below. For the successful completion of a semester, a student should pass all courses. However, a student is permitted to move to the next semester irrespective of SGPA obtained.

SGPA of the student in that semester is calculated using the formula:

Sum of the credit points of all courses in a semester

SGPA =

Total credits in that semester

6 The Cumulative Grade Point Average (CGPA) of the student is calculated at the end of a programme. The CGPA of a student determines the overall academic level of the student in a programme and is the criterion for ranking the students. CGPA can be calculated by the following formula.

Total credit points obtained in six semesters CGPA = Total credits acquired (120)

7. SGPA and CGPA shall be rounded off to three decimal places. CGPA determines the broad academic level of the student in a programme and is the index for ranking students (in terms of grade points). An overall letter grade (cumulative grade) for the entire programme shall be awarded to a student depending on her/his CGPA (Annexure-I)

Scheme of Examinations:

The external QP with 80 marks and internal examination is of 20 marks. Duration of each external examination is 2.5 Hrs. The pattern of External Examination is as given below. The students can answer all the questions in Sections A & B. But there shall be Ceiling in each section.

Section A	Short answer type	2 marks - 15 questions	Ceiling - 25
Section B	Paragraph/ Problem type	5 marks 8 questions	Ceiling - 35
Section C	Essay type	10 marks 2 out of 4	2X10=20

X1 PRACTICALS

There are eight practical courses for the programme which are connected with the theory courses. The maximum marks for such courses are as follows:

	External	Internal	Total
Theory	60	15	75
Practical	20	05	25

The students have to maintain a record on practical attended and submit it into the department for internal evaluation. The practical shall be subject to internal and external evaluation. The internal evaluation shall be carried out by the supervising teacher and external evaluation by the examiners appointed by the University inclusive of Viva-voce examinations. The student shall get minimum E grade in practical examination for a pass.

XII INDUSTRIAL EXPOSURE TRAINING

Each student has to undergo Industrial Exposure Training of 20 weeks duration - four weeks each in the following departments of any Hotel of national or global repute.

- 1. Front Office
- 2. Housekeeping
- 3. F & B Production
- 4. F & B Service

After the completion of training the students shall immediately be submitting an industrial exposure training report within two weeks time. This Report will be evaluated internally. Each student has to have a certificate of successful completion of training.

X111AWARD OF DEGREE

The successful completion of the courses (Common, Core, Complimentary and Open courses) prescribed by the programme with E- grade (40% -after external and internal put together) shall be the minimum requirement for the award of degree.

X1VPROJECT REPORT

During the sixth semester every student shall do a project .The student may choose any topic from the subjects he/she has studied. The candidate shall prepare and submit a project report to the department. The report shall be in manuscript / typed and bound with not less than 50 A4 size pages. The project report should be submitted to the Department one month before the last working day of the sixth semester.

Project work shall have the following stages:

Project proposal presentation Field work and data analysis Report writing Draft project report presentation Final project report submission

The project should be done individually. The work of each student shall be guided by one Faculty member. The candidate shall prepare at least two copies of the report: one copy for submission to the Department and one copy for the student which he/she has to bring with him/her at the time of viva voce. More copies may be prepared if the organization or the guide or both ask for one copy each.

The duration for project work is 3 weeks. A certificate showing the duration of the project work shall be obtained from the supervising teacher or from the organization for which the project work was done and it shall be included in the project report.

Structure of the report:

Title page

Certificate from the organization (If the project work is done under an organisation)

Certificate from guide
